COMPREHENSIVE ECHO DOPPLER EVALUATION TECHNIQUES - 2013

Dr. M. I. SAHADULLA

Chief Patron

Chairman & Managing Director, Kerala Institute of Medical Sciences

Kerala Institute of Medical Sciences - Society for Continuing Medical Education and Research (KIMS-SOCOMER), The Indian Association of Clinical Cardiologist (IACC) and Indian Academy of Echocardiography (IAE) have great pleasure in announcing the conduct of the 2nd National Conference on Comprehensive Echo Doppler Evaluation Techniques - "CEDET-2013" for the cardiology trainees, cardiologists and practicing physicians across the country on the 5th & 6th of January 2013.

This two day CEDET will feature structured Echo based case discussions providing the delegates with the opportunity to learn basic and advanced echocardiographic and Doppler techniques. This will be a unique experience wherein answers to frequently asked questions in clinical Echocardiography will be discussed in depth. It is proposed to address commonly encountered problems in valvular heart diseases, acyanotic & cyanotic congenital heart disease, ischemic heart disease, cardiomyopathies and pericardial diseases. In addition the conference will also feature Echo demonstrations.

We will be having distinguished gathering of eminent National faculty representing different institutions from across the country for this mega event. It is expected that this two day programme will benefit all the cardiology fellows, practicing cardiologists and all physicians interested in echocardiography.

Please contact SOCOMER in case you need any further information and assistance.
